**Description**

See blueprint.

**Subtasks:**

- Feature # 7049: Clone Persistence option in Tails Installer
  - Confirmed
- Feature # 8812: Consider using Tails Installer to do backups
  - Resolved
- Bug # 9888: Test deja-dup to do backups
  - Resolved
- Feature # 9889: Decide a backup solution among possible candidates
  - Rejected
- Bug # 11660: Backups: test grsync wrt. requirements
  - Rejected
- Feature # 12214: Document a way to manually backup persistent data
  - Duplicate
- Feature # 13457: Test backup script by a2
  - Resolved
- Feature # 14605: Improve documentation on “Manually copying your persistent data to a n...”
  - Resolved

**History**

#1 - 07/19/2013 02:02 AM - intrigeri
- Type of work set to Code

Type of work: Code

#2 - 10/04/2013 09:11 AM - intrigeri
- Category set to Persistence
- Starter set to No

#3 - 12/11/2013 04:44 AM - sajolida
At least now it is documented how to do that manually:

https://tails.boum.org/doc/first_steps/persistence/copy/

#4 - 03/30/2014 03:18 PM - intrigeri
This is being discussed on tails-dev ("Feedback wanted on planned implementation of Feature #5301 - Clone or Backup Persistent Volume” thread).

- Blueprint set to https://tails.boum.org/blueprint/backups

- Subject changed from Clone or Backup Persistent Volume to Clone or backup system for the persistent volume

- Related to Bug #7216: Instructions to backup persistent data do not respect ownership of files added

- Description updated
- Assignee set to sajolida
- Target version set to 2017

- Duplicates Feature #10405: Clone persistent folder added

- Duplicates deleted (Feature #10405: Clone persistent folder)

- Duplicated by Feature #10405: Clone persistent folder added

See https://mailman.boum.org/pipermail/tails-dev/2015-December/009856.html

- Description updated

- Related to Feature #11627: Consider updating the default system partition's size added

- Related to Feature #12705: Update the size of the system partition to >= 4 GiB added

- Related to Feature #12214: Document a way to manually backup persistent data added

- Related to deleted (Feature #12214: Document a way to manually backup persistent data)

- Target version changed from 2017 to 2019

- Related to Feature #14624: Document how to migrate persistence to a new USB stick or update the system partitions of an existing device added
#22 - 10/11/2018 09:31 AM - intrigeri
- Description updated
- Assignee deleted (sajolida)
- Target version changed from 2019 to 2020

#23 - 07/23/2019 04:08 PM - sajolida
- Description updated

#24 - 07/23/2019 04:09 PM - sajolida
- Subject changed from Clone or backup system for the persistent volume to Backup system for the Persistence
